Sinclair Hille Project Experience - City Campus

Building on a Legacy

30 Years of Partnership with the University of Nebraska

Sinclair Hille Architects has completed more than 30 projects for the University of Nebraska over the past 30 years. Highlighted above are several projects completed on the University of Nebraska – Lincoln (UNL) City Campus.

Our first project for the University was the renovation and addition of Louise Pound Hall formerly known as the College of Business. Shortly thereafter, we had the privilege of designing the first addition to the west side of Memorial Stadium, establishing a

design direction that would help guide future additions and renovations to this iconic landmark. From those early projects to the Glenn Korff School of Music today, we have recognized the importance of the University's rich history, traditions, and sense of identity. We carry that understanding into every project, honoring the character of each campus while helping shape its future.

Creating the Extraordinary, Together.

EAST CAMPUS RECREATION AND WELLNESS CENTER
UNL - EAST CAMPUS

Below is an alphabetical list of projects and buildings we have worked on for each of the University of Nebraska campuses. These have included: facility studies, replacements, renovations, additions, mechanical and electrical system upgrades and master planning.

3RD GENERATION PRINCIPALS

FIRM PROFILE

When architecture is at its best, it results in environments that uplift the spirit, through steadfast partnerships and a shared purpose—to make something beautiful. For more than four decades, Sinclair Hille has created enduring designs that elevate our communities.

With comprehensive services in architecture and interior design, we believe in a holistic approach to every project. Our architecture is rooted in the human experience. That is why we curate exceptional ideals through engaged listening, profound understanding, and unwavering collaboration.

Together, we create spaces that are extraordinary.

CORE VALUES

Care Deeply

We prioritize genuine consideration for others, our work, and the community through respect and thoughtfulness.

Listen Intently

We engage fully with our clients and ourselves, ensuring everyone is truly heard and understood.

Deliver Skillfully

We meticulously address every element of our work through a dedication to exceeding expectations.
